

MOD PODS – GUIDELINES

COMPANIONS FOR THE JOURNEY

We are all “pilgrims” on the journey. As we come together in this group, we intend to:

- Commit to participation in the group through listening and sharing;
- Hold this time and space as a hospitable environment for honest processing;
- Expect that God is present in our discussion;
- Respect the diversity of viewpoints, perspectives, and faith experiences present in the group;
- Protect the confidentiality of all that is said during this time together;
- Refrain from any cross-talk until it is time for open discussion, and please do not give each other advice unless it is requested;
- Participate in the exercises during the week so that contributions made to the discussion can be out of personal experience.
- Pray for each other.
