

New Testament Through Maps

Gregory Chao

Class 1

Purpose: Provide a visual aid to understand the New Testament writings including how it is organized and unified. An attempt a harmonizing the Gospel accounts and provide dates.

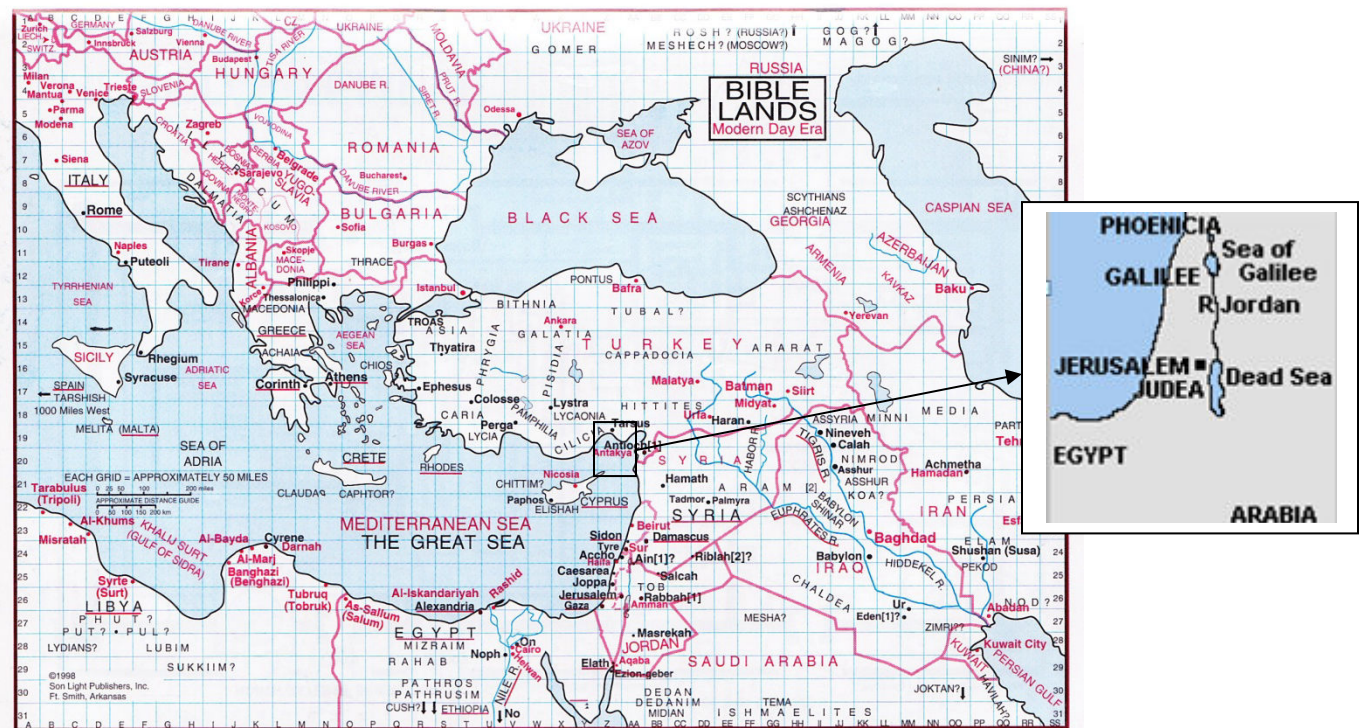

1. Jesus' ministry was limited to a small 100 mile strip of land.
2. Jesus has a 3 year ministry where each year he moved south for Passover.
3. 4 Gospels - Matt, Mark, Luke, John - different accounts of Jesus' life with varying overlapping stories (confusing at times). In addition, Acts' frequent use of name and places is confusing without a map.

Observations

- The NT historical record is very detailed citing names, locations, and events that can be verified.
- Writers of Gospels/Acts (especially Luke/Acts) have explicitly stated that they were trying to write an authentic record (Lk 1, Jn 21).
- Letters of Paul mirror/correlates his journeys recorded in Acts.
- Dating of NT is within one generation (eyewitnesses) of the death/resurrection of Christ.
